Such funds shall be considered a nonreimbursable Federal expenditure.

(2) The authority of the Secretary, acting through the Bureau of Reclamation, under this or any other provision of law to implement capital projects for the Recovery Implementation Program for Endangered Fish Species in the Upper Colorado River Basin shall expire in fiscal year 2024 unless reauthorized by an Act of Congress.

ceiving assistance under this Act shall not exceed \$209,000,000 of which—

(1) costs shall not exceed \$184,000,000 for the Recovery Implementation Program for Endangered Fish Species in the Upper Colorado River Basin through fiscal year 2024; and

(2) costs shall not exceed \$25,000,000 for the San Juan River Recovery Implementation Program through fiscal year 2024.

The amounts set forth in this subsection shall be adjusted by the Secretary for inflation in each fiscal year beginning after the enactment of this Act.

(c) NON-FEDERAL CONTRIBUTIONS TO CAPITAL PROJECTS.—(1) The Secretary, acting through the Bureau of Reclamation, may accept contributed funds from the Upper Division States, or political subdivisions or organizations within the Upper Division States, pursuant to agreements that provide for the contributions to be used for capital projects costs. (2) In addition to the contribution described in paragraph (1), the Secretary of Energy, acting through the Western Area Power Administration, and the Secretary of the Interior, acting through the Bureau of Reclamation, may utilize power revenues collected pursuant to the Colorado River Storage Project Act to carry out the purposes of this subsection. The funding authorized by this paragraph over any 2-fiscal-year period shall be made available in amounts equal to the contributions for the same 2-fiscal-year period made by the Upper Division States pursuant to paragraph (1).

(3) The additional funding provided pursuant to paragraph (2) may be provided through loans from the Colorado Water Conservation Board Construction Fund (37-60-121 C.R.S.) to the Western Area Power Administration in lieu of funds which would otherwise be collected from power revenues and used for storage project repayments. The Western Area Power Administration is authorized to repay such loan or loans from power revenues collected beginning in fiscal year 2012, subject to an agreement between the Colorado Water Conservation Board, the Western Area Power Administration, and the Bureau of Reclamation. The Western Area Power Administration is authorized to include in power rates such sums as are necessary to carry out this paragraph and paragraph (2).

(4) All contributions made pursuant to this subsection shall be in addition to the cost of replacement power purchased due to modifying the operation of the Colorado River Storage Project and the capital cost of water from Woford Mountain Reservoir and the Elkhead Reservoir enlargement in Colorado. Such costs shall be considered as non-Federal contributions, not to exceed \$87,000,000.

(e) AUTHORITY TO RETAIN APPROPRIATED FUNDS.—At the end of each fiscal year any unexpended appropriated funds for capital projects under this Act shall be retained for use in future fiscal years. Unexpended funds under this Act that are carried over shall continue to be used to implement the capital projects needed for the Recovery Implementation Programs.

(f) ADDITIONAL AUTHORITY.—The Secretary may enter into agreements and contracts with Federal and non-Federal entities, acquire and transfer interests in land, water, and facilities, and accept or give grants in order to carry out the purposes of this Act.

(g) INDIAN TRUST ASSETS.—The Congress finds that much of the potential water development in the San Juan River Basin and in the Duchesne River Basin (a subbasin of the Green River in the Upper Colorado River Basin) is for the benefit of Indian tribes and most of the federally designated critical habitat for the endangered fish species in the San Juan River Basin is on Indian trust lands, and 2½ miles of critical habitat on the Duchesne River is on In-

dian Trust Land. Nothing in this Act shall be construed to restrict the Secretary, acting through the Bureau of Reclamation and the Bureau of Indian Affairs, from funding activities or capital projects in accordance with the Federal Government's Indian trust responsibility.

In the case of a transfer of funds for the purpose of funding activities under both programs, the limitation shall be applied to the funding amount for each program and may not be allocated unequally to either program, even if the average aggregate indirect cost recovery rate would not exceed three percent.
